The *California Regulatory Notice Register* is an official state publication of the Office of Administrative Law containing notices of proposed regulatory actions by state regulatory agencies to adopt, amend or repeal regulations contained in the California Code of Regulations. The effective period of a notice of proposed regulatory action by a state agency in the *California Regulatory Notice Register* shall not exceed one year [Government Code § 11346.4(b)]. It is suggested, therefore, that issues of the *California Regulatory Notice Register* be retained for a minimum of 18 months.

CALIFORNIA REGULATORY NOTICE REGISTER (ISSN 1041-2654) is published weekly by the Office of Administrative Law, 300 Capitol Mall, Suite 1250, Sacramento, CA 95814-4339. The Register is printed by the Office of State Publishing and is offered by subscription for \$302.00 (annual price). To order or make changes to current subscriptions, please call (916) 445-5353 or (916) 445-5386. For outside of the Sacramento area, call (800) 963-7860. PROPOSED ACTION ON REGULATIONS

Information contained in this document is published as received from agencies and is not edited by the Office of State Publishing.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303 and 87304 of the Government Code to review proposed conflict of interest codes, will review the proposed/amended conflict of interest codes of the following:

CONFLICT OF INTEREST CODES

ADOPTION/AMENDMENT

Yosemite Area Regional Transportation System (YARTS)

A written comment period has been established commencing on **April 22, 2005** and closing on **June 6, 2005**. Written comments should be directed to the Fair Political Practices Commission, Attention Teri Rindahl, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict of interest code(s) will be submitted to the Commission's Executive Director for his review; unless any interested person or his or her duly authorized requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director or the Commission will review the above-referenced conflict of interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director or the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict of interest code(s). Any written comments must be received no later than **June 6,**

2005. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

EFFECT ON HOUSING COSTS AND BUSINESSES

Compliance with the codes has no potential effect on housing costs or on private persons, businesses or small businesses.

AUTHORITY

Government Code Sections 82011, 87303 and 87304 provide that the Fair Political Practices Commission as the code reviewing body for the above conflict of interest codes shall approve codes as submitted, revise the proposed code and approve it as revised, or return the proposed code for revision and re-submission.

REFERENCE

Government Code Sections 87300 and 87306 provide that agencies shall adopt and promulgate conflict of interest codes pursuant to the Political Reform Act and amend their codes when change is necessitated by changed circumstances.

CONTACT

Any inquiries concerning the proposed conflict of interest code(s) should be made to Teri Rindahl, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

AVAILABILITY OF PROPOSED CONFLICT OF INTEREST CODES

Copies of the proposed conflict of interest codes may be obtained from the Commission offices or the respective agency. Requests for copies from the Commission should be made to Teri Rindahl, Fair Political Practices Commission, 428 J Street, Suite 620, Sacramento, California 95814, telephone (916) 322-5660.

TITLE 2. FAIR POLITICAL PRACTICES COMMISSION

NOTICE IS HEREBY GIVEN that the Fair Political Practices Commission, pursuant to the authority vested in it by Sections 82011, 87303 and

87304 of the Government Code to review proposed conflict of interest codes, will review the proposed/amended conflict of interest codes of the following:

CONFLICT OF INTEREST CODES

AMENDMENT

STATE AGENCY:

Labor and Workforce Development Agency

A written comment period has been established commencing on **April 15, 2005**, and closing on **May 30, 2005**. Written comments should be directed to the Fair Political Practices Commission, Attention **Kevin S. Moen, PhD**, 428 J Street, Suite 620, Sacramento, California 95814.

At the end of the 45-day comment period, the proposed conflict of interest code(s) will be submitted to the Commission's Executive Director for his review, unless any interested person or his or her duly authorized requests, no later than 15 days prior to the close of the written comment period, a public hearing before the full Commission. If a public hearing is requested, the proposed code(s) will be submitted to the Commission for review.

The Executive Director or the Commission will review the above-referenced conflict of interest code(s), proposed pursuant to Government Code Section 87300, which designate, pursuant to Government Code Section 87302, employees who must disclose certain investments, interests in real property and income.

The Executive Director or the Commission, upon his or its own motion or at the request of any interested person, will approve, or revise and approve, or return the proposed code(s) to the agency for revision and re-submission within 60 days without further notice.

Any interested person may present statements, arguments or comments, in writing to the Executive Director of the Commission, relative to review of the proposed conflict of interest code(s). Any written comments must be received no later than **May 30, 2005**. If a public hearing is to be held, oral comments may be presented to the Commission at the hearing.

COST TO LOCAL AGENCIES

There shall be no reimbursement for any new or increased costs to local government which may result from compliance with these codes because these are not new programs mandated on local agencies by the codes since the requirements described herein were mandated by the Political Reform Act of 1974. Therefore, they are not "costs mandated by the state" as defined in Government Code Section 17514.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture (herein after referred to as "Department") is proposing to take the action described in the Informative Digest.

A public hearing is not scheduled for this proposal. A public hearing will be held if any interested person, or his or her duly authorized representative, submits a written request for a public hearing to the Department no later than **15 days prior to the close of the written comment period**. Any person interested may present statements or arguments in writing relevant to the action proposed to the person designated in this Notice as the contact person **on or before 5:00 p.m., June 6, 2005**.

Following the public hearing, if one is requested, or following the written comment period if no public hearing is requested, the Department, upon its own motion or at the instance of any interested party, may thereafter adopt the proposals substantially as described below or may modify such proposals if such modifications are sufficiently related to the original text. With the exception of technical or grammatical changes, the full text of any modified proposal will be available for 15 days prior to its adoption from the person designated in this Notice as contact person and will be mailed to those persons who submit written or oral testimony related to this proposal or who have requested notification of any changes to the proposal.

AUTHORITY AND REFERENCE

Pursuant to the authority vested by sections 407, 19310, 19313.8, 19440, 19443, 19444, 19445, 19446 and 19447 of the Food and Agricultural Code, and to implement, interpret or make specific sections 19303, 19304, 19305, 19306, 19310.5, 19310.7, 19311, 19312, 19315 and 19316 of said Code, the Department is considering adding Article 49 to Subchapter 2, Chapter 4, Division 2, of Title 3 of the California Code of Regulations as follows:

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Existing law, Food and Agricultural Code sections 19300 through 19306, authorize the Department's Meat and Poultry Inspection Branch to inspect and investigate shipments and transactions of renderers, collection centers and transporters of inedible kitchen grease.

Food and Agricultural Code sections 19310 through 19317 sets forth the requirements for transporters of inedible kitchen grease that transport grease from restaurants and any food preparation, processing, or handling establishment or facility. However, no regulations exist for transporters of inedible kitchen grease pertaining to registration application, renewal, or removal and transport of interceptor waste from interceptors or grease traps.

This proposal establishes new sections 1190, 1190.1, 1190.2, 1190.3 and 1190.4 under new Article 49 of Subchapter 2, Chapter 4, Division 2 of Title 3 of the California Code of Regulations. This proposal is necessary to clarify the requirements for transporters of inedible kitchen grease pursuant to section 19310 of the Food and Agricultural Code. It codifies registration application and renewal requirements; establishes a new manifest reporting system and procedure; designates the authorized facilities that may receive interceptor grease; sets forth reporting time frames, records retention, and violations.

FISCAL IMPACT STATEMENTS

Fiscal Impact on Public Agencies Including Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None

Nondiscretionary Costs/Savings to Local Agencies: None

Local Mandate: None

Cost to Any Local Agency or School District for Which Government Code Section 17561 Requires Reimbursement: None

Business Impact: The Department has made an initial determination that this proposed regulatory action would not result in any significant statewide adverse economic impact directly affecting California businesses, including the ability of California businesses to compete with businesses in other states. This proposal affects individuals and businesses engaged in the business of rendering, or operating a collection center, or transporting inedible kitchen grease. It imposes the following (1) paperwork, (2) record keeping, and (3) reporting requirements upon registered transporters of inedible kitchen grease:

(1) Paperwork: The registered transporter is to complete the manifest form (provided by the Department free of charge), and attach receipts showing the volume of waste removed from a food facility. The transporter is to provide a copy of the receipts to the owner/operator of the food facility. However, if the facility is closed, the transporter may mail the receipts within 24 hours of collection. The 24-hour requirement is necessary to ensure prompt delivery of the receipt to the facility where the grease waste was removed. This will provide assurance to the owner/operator that the grease waste was removed properly by the transporter. The only cost anticipated for this requirement would be mailing costs incurred by the transporter.

(2) Record keeping: The registered transporter is to retain the manifest forms and receipts for a period of one year from the date of collection for each pickup and delivery from all food facilities they are contracted or subcontracted with to remove grease waste. Manifest forms and receipts dated within the previous five days must be retained by the transporter where they can be made available immediately, upon request, to the Department or other authorized person or entity. Manifest forms and receipts more than five days old may be retrieved by the transporter within 24 hours and provided to the Department or other authorized person or entity making the request. The costs associated with the record keeping requirement cannot be determined as the volume of grease waste transported, bought, and sold determines the volume of record keeping and therefore, the costs. However, record keeping is a standard business practice for persons or businesses in the rendering industry. The

manifest forms are provided by the Department free of charge, and transporters are not required to mail or deliver the records to the Department, or any other authorized persons or entities, unless requested. The manifest forms are necessary for the Department to track the volume or quantity of grease waste removed, transported, and disposed. This will serve to ensure that the grease waste was removed and disposed of properly preventing blockages in sewer systems that could adversely affect human health and the environment.

(3) Reporting: The facility authorized to receive the grease waste is to contact the Department by telephone and facsimile, within 24 hours of receipt of the grease waste, only in cases where a registered transporter fails to provide a manifest with receipts indicating the quantity or volume of grease waste delivered to the authorized facility. The only costs anticipated for this reporting requirement upon facility owners/operators would be the cost of a long-distance call.

In making these determinations, the Department has not considered alternatives that would lessen any adverse economic impact on businesses and invites the public to submit such proposals during the written comment period. Submissions may include the following considerations:

- The establishment of differing compliance or reporting requirements or timetables that take into account the resources available to businesses.
- The consolidation or simplification of compliance and reporting requirements for businesses.
- The use of performance standards rather than prescriptive standards.
- Exemption or partial exemption from the regulatory requirements for businesses.

Impact on Jobs/New Businesses: The Department has determined that this regulatory proposal will not have any impact on the creation of jobs or businesses or the elimination of jobs or existing businesses or the expansion of businesses in California. This proposal is intended to enhance consumer protection by instituting a tracking system to record the proper removal and disposal of inedible kitchen grease. The proper removal and disposal of grease waste is intended to prevent food grease from forming a blockage in sewer systems and corresponding sewage spills that could contaminate rivers, streams, and coastal waters thereby adversely affecting human health and the environment.

Cost Impacts on Private Persons or Entities: The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. This proposal affects individuals and businesses engaged in the business of rendering, or

operating a collection center, or transporting inedible kitchen grease. It imposes the following (1) paperwork, (2) record keeping, and (3) reporting requirements upon registered transporters of inedible kitchen grease:

(1) Paperwork: The registered transporter is to complete the manifest form (provided by the Department free of charge), and attach receipts showing the volume of waste removed from a food facility. The transporter is to provide a copy of the receipts to the owner/operator of the food facility. However, if the facility is closed, the transporter may mail the receipts within 24 hours of collection. The 24-hour requirement is necessary to ensure prompt delivery of the receipt to the facility where the grease waste was removed. This will provide assurance to the owner/operator that the grease waste was removed properly by the transporter. The only cost anticipated for this requirement would be mailing costs incurred by the transporter.

(2) Record keeping: The registered transporter is to retain the manifest forms and receipts for a period of one year from the date of collection for each pickup and delivery from all food facilities they are contracted or subcontracted with to remove grease waste. Manifest forms and receipts dated within the previous five days must be retained by the transporter where they can be made available immediately, upon request, to the Department or other authorized person or entity. Manifest forms and receipts more than five days old may be retrieved by the transporter within 24 hours and provided to the Department or other authorized person or entity making the request. The costs associated with the record keeping requirement cannot be determined as the volume of grease waste transported, bought, and sold determines the volume of record keeping and therefore, the costs. However, record keeping is a standard business practice for persons or businesses in the rendering industry. The manifest forms are provided by the Department free of charge, and transporters are not required to mail or deliver the records to the Department, or any other authorized persons or entities, unless requested. The manifest forms are necessary for the Department to track the volume or quantity of grease waste removed, transported, and disposed. This will serve to ensure that the grease waste was removed and disposed of properly to prevent blockages in sewer systems that could adversely affect human health and the environment.

(3) Reporting: The facility authorized to receive the grease waste is to contact the Department by telephone and facsimile, within 24 hours of receipt of the grease waste, only in cases where a registered transporter

fails to provide a manifest with receipts indicating the quantity or volume of grease waste delivered to the authorized facility. The only costs anticipated for this reporting requirement upon facility owners/operators would be the cost of a long-distance call.

Effect on Housing Costs: None

Finding of Necessity for Report: The Department finds that it is necessary for the health, safety, and general welfare of the people of the state that this regulation requiring a report apply to businesses.

EFFECT ON SMALL BUSINESS

The Department has determined that the proposed regulations would affect small businesses.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative which it considered or that has otherwise been identified and brought to its attention would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed action described in this Notice.

Any interested person may present statements or arguments orally or in writing relevant to the above determinations at the above-mentioned hearing (if a hearing is requested from the public), or during the public comment period.

INITIAL STATEMENT OF REASONS

The Department has prepared an initial statement of reasons for the proposed action and has available all the information upon which the proposal is based.

TEXT OF PROPOSAL

Copies of the exact language of the proposed regulations and of the initial statement of reasons, and all the information upon which the proposal is based, may be obtained at the hearing or prior to the hearing (if a hearing is requested) or during the public comment period upon request from the Department of Food and Agriculture, 1220 N Street, Room A-114, Sacramento, California 95814.

AVAILABILITY AND LOCATION OF THE FINAL STATEMENT OF REASONS AND RULEMAKING FILE

All the information upon which the proposed regulations are based is contained in the rulemaking file, which is available for public inspection by contacting the persons named below.

You may obtain a copy of the final statement of reasons once it has been prepared, by making a written request to the contact persons named below.

TITLE 3. DEPARTMENT OF FOOD AND AGRICULTURE

NOTICE IS HEREBY GIVEN that the Department of Food and Agriculture proposes to amend Sections 1472(a)(1) and 1472.4, and adopt a new Section, 1472.7.2, of the regulations in Title 3 of the California Code of Regulations pertaining to fresh tomatoes.

Notice is also given of a written public comment period. Any interested person may present statements or arguments in writing relevant to the proposed regulation until 5:00 p.m. on June 6, 2005. Please refer to the contact section of this notice for the contact persons and address information when submitting comments.

A public hearing is not scheduled but will be if any interested person, or his or her duly authorized representative, submits a written request for public hearing to the Department no later than 15 days prior to the close of the written comment period. Following

the public hearing (if one is requested) or following the written comment period (if no public hearing is requested), the Department of Food and Agriculture, at its own motion or at the instance of any interested person, may adopt the proposal substantially as set forth above without further notice.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 3 of the California Food and Agricultural Code declares that the provisions of the code are enacted for the purposes of promoting and protecting the agricultural industry of the state and for the protection of the public health, safety, and welfare. Section 407 declares that the Secretary may adopt such regulations as are reasonably necessary to carry out the provisions of the Food and Agricultural Code which he is directed or authorized to administer or enforce.

Existing Section 1472 of the California Code of Regulations (Code) establishes maturity and quality standards for fresh tomatoes. Subsection (a) requires that tomatoes be free from certain defects. The specific purpose of amending Section 1472(a)(1) is to include dirt and foreign material as defects.

Existing Section 1472.4 of the Code establishes marking requirements for nonconsumer containers of tomatoes. The specific purpose of amending Section 1472.4 is to also require containers be marked with a grower and lot identification code.

Section 42808 of the California Food and Agricultural Code requires every person acting as a handler to register with the Secretary, keep a complete and accurate record of commodities shipped, and maintain these records for a period of two years for inspection and audit purposes.

Currently, Article 43 of the Code does not provide a definition of a handler or handler requirements. The specific purpose of adopting Section 1472.7.2 is to define a tomato handler, and establish said requirements.

Additional editorial amendments will be made for consistency within the regulations and to correct citations of authority.

FISCAL IMPACT STATEMENTS

The Department has initially determined that these proposed regulations would have no effect on savings or increased costs to any state agency, no costs under "Part 7 (commencing with Section 17500) of Division 4" of the Government Code to local agencies or school districts requiring reimbursement, no other nondiscretionary costs or savings imposed on local agencies, and no costs or savings in federal funding to the State will result from these proposed regulations. The Department determined that these proposed regulations do not impose a mandate on local agencies or school districts.

EFFECT ON SMALL BUSINESS

The Department has initially determined that the proposed changes in the regulations would result in no significant added costs to small businesses affected by these proposed changes. This is based on the following: The proposed regulation changes will require handlers to purchase a stamp to mark nonconsumer containers with the grower and lot identification numbers. However, the Department believes this cost would be minimal and is necessary to increase the ability to trace back outbreaks of potentially deadly food diseases, such as salmonella.

EFFECT ON HOUSING COSTS

The Department has initially determined that the amendments of the proposed regulation would have no effect on housing costs.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT DIRECTLY AFFECTING BUSINESS

The Department has initially determined that these proposed changes would have no significant statewide adverse economic impact directly affecting businesses, including the ability for California businesses to compete with businesses in other states.

ASSESSMENT STATEMENT

The Department has initially determined that the proposed changes in the regulations would not affect the creation or elimination of jobs in California and would neither create nor eliminate or expand existing businesses in California.

COST IMPACTS ON PRIVATE PERSONS OR BUSINESS

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action. This is based on the fact stated in the "EFFECT ON SMALL BUSINESSES STATEMENT."

ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which these regulations are proposed, or would be as effective and less burdensome to affected private persons than the proposed regulations.

AUTHORITY AND REFERENCE

Notice is hereby given that the Department of Food and Agriculture, pursuant to the authority vested by Sections 407, 42682 and 42684 of the Food and Agricultural Code, and to implement, interpret, and

make specific Sections 42808 and 42941 of the Food and Agricultural Code, proposes to amend regulations in Title 3 of the California Code of Regulations.

CONTACT

Inquiries concerning the proposed administrative action may be directed to Sonja Dame or Gary Manning. Inquiries pertaining to the substance of the proposed regulation may be directed to Gary Manning. The contact persons may be reached at the Department of Food and Agriculture, Inspection and Compliance Branch, 1220 N Street, Sacramento, CA 95814, (916) 445-2180, fax (916) 445-2427. Written comments may also be submitted via e-mail to sdame@cdfa.ca.gov.

AVAILABILITY OF STATEMENT OF REASONS AND TEXT OF PROPOSED REGULATIONS

A complete copy of existing regulations, the proposed changes, and the Initial Statement of Reasons may be obtained on request from the Department of Food and Agriculture. These documents are available on our website at www.cdfa.ca.gov/cdfa/regs.

In addition, all information, including reports, documentation, and other materials (rulemaking file) related to the proposed action is available upon request from the agency contact persons named in the notice. The Final Statement of Reasons, when available, may also be obtained from the agency contact persons named in the notice. If the regulations adopted by the Department differ from, but are sufficiently related to the original action proposed, they will be made available to the public for at least 15 days prior to the date of amendment. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency officer (contact) named herein.

TITLE 15. DEPARTMENT OF CORRECTIONS

CALIFORNIA CODE OF REGULATIONS CRIME PREVENTION AND CORRECTIONS DIVISION 3, TITLE 15, DEPARTMENT OF CORRECTIONS

NOTICE IS HEREBY GIVEN that the Director of the Department of Corrections (CDC), pursuant to rulemaking authority granted by Penal Code (PC) Section 5058 in order to implement, interpret and make specific PC Section 5054, proposed to amend or adopt Sections 3480, 3480.1, 3481, 3482, 3483, 3484, and 3485 in the California Code of Regulations (CCR), Title 15, Division 3 relating to Joint Venture Program.

Telephone (916) 327-1133**

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate, which requires reimbursement pursuant to Government Code Section 17561.

FISCAL IMPACT STATEMENT

- Cost or savings to any state agency: *None*
- Other non-discretionary cost or savings imposed on local agencies: *None*
- Cost or savings in federal funding to the state: *None*

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business, because they are not affected by the internal management of state prisons.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION OR EXPANSION

The Department has determined that the proposed regulation will have no effect on the creation of new or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed regulatory action.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared and will make available the text and the Initial Statement of Reasons of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The

proposed text, Initial Statement of Reasons, and the Notice of Proposed Action will also be made available on the Department's website

<http://www.cdc.state.ca.us>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the final statement of reasons may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this notice. If the Department makes modifications, which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

PC Section 5054 vests with the Director the supervision, management and control of the prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of inmates.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

- The Department will monitor the Joint Venture Employers for compliance with the comparable wage requirement of Penal Code Section 2717.8 and Proposition 139 (Prison Inmate Labor Initiative of 1990). The Department will require participating Joint Venture Program Employers to properly use and distribute to inmate-employees wage plans and duty statements; meet all State Labor Code and Industrial Welfare Commission Wage Order requirements relative to record-keeping and payroll data; compensate inmate-employees as described in the wage plans and duty statements; and inform all participating inmate-employees of their employment rights and the grievance procedures per State Labor Code provisions.
- This action complies with a Court Order, Stipulated Injunction and Order, Case No. GIC-740832 (2004), issued from the Superior Court of the State of California, County of San Diego. The order of the

Court is for the Department to monitor Joint Venture Employer compliance with the comparable wage requirement of Proposition 139 (Prison Inmate Labor Initiative of 1990) and the language of this Court Order.

- Changes for enhanced clarity, including reference, grammatical corrections, and changes in punctuation are made to meet departmental standards.

TITLE 15. DEPARTMENT OF CORRECTIONS

CALIFORNIA CODE OF REGULATIONS TITLE 15, DEPARTMENT OF CORRECTIONS DIVISION 3, CRIME PREVENTION AND CORRECTIONS

NOTICE IS HEREBY GIVEN that the Director of the Department of Corrections (CDC), pursuant to rulemaking authority granted by Penal Code (PC) Section 5058, in order to implement, interpret and make specific PC Section 5054, proposes to amend section 3370 in the California Code of Regulations (CCR), Title 15, Division 3, relating to access and release of inmate unit health records.

LOCAL MANDATES

This action imposes no mandates on local agencies or school districts, or a mandate which requires reimbursement pursuant to Government Code Section 17561.

FISCAL IMPACT STATEMENT

- Cost or savings to any state agency: *None*
- Other non-discretionary cost or savings imposed on local agencies: *None*
- Cost or savings in federal funding to the state: *None*

EFFECT ON HOUSING COSTS

The Department has made an initial determination that the proposed action will have no significant effect on housing costs.

COST IMPACTS ON REPRESENTATIVE PRIVATE PERSONS OR BUSINESSES

The Department is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

SIGNIFICANT STATEWIDE ADVERSE ECONOMIC IMPACT ON BUSINESS

The Department has initially determined that the proposed regulations will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states.

EFFECT ON SMALL BUSINESSES

The Department has determined that the proposed regulations may not affect small businesses. It is determined that this action has no significant adverse economic impact on small business, because they are not affected by the internal management of state prisons.

ASSESSMENTS OF EFFECTS ON JOB AND/OR BUSINESS CREATION, ELIMINATION, OR EXPANSION

The Department has determined that the proposed regulation will have no affect on the creation of new or the elimination of existing jobs or businesses within California, or affect the expansion of businesses currently doing business in California.

CONSIDERATION OF ALTERNATIVES

The Department must determine that no reasonable alternative considered by the Department, or that has otherwise been identified and brought to the attention of the Department, would be more effective in carrying out the purpose for which the action is proposed or would be as effective and less burdensome to affected private persons than the proposed regulatory action.

AVAILABILITY OF PROPOSED TEXT AND INITIAL STATEMENT OF REASONS

The Department has prepared and will make available the text and the Initial Statement of Reasons (ISOR) of the proposed regulations. The rulemaking file for this regulatory action, which contains those items and all information on which the proposal is based (i.e., rulemaking file) is available to the public upon request directed to the Department's contact person. The proposed text, ISOR, and Notice of Proposed Action will also be made available on the Department's website <http://www.corr.ca.gov>.

AVAILABILITY OF THE FINAL STATEMENT OF REASONS

Following its preparation, a copy of the final statement of reasons may be obtained from the Department's contact person.

AVAILABILITY OF CHANGES TO PROPOSED TEXT

After considering all timely and relevant comments received, the Department may adopt the proposed regulations substantially as described in this notice. If the Department makes modifications which are sufficiently related to the originally proposed text, it will make the modified text (with the changes clearly indicated) available to the public for at least 15 days before the Department adopts the regulations as revised. Requests for copies of any modified regulation text should be directed to the contact person indicated in this notice. The Department will accept written comments on the modified regulations for 15 days after the date on which they are made available.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

PC Section 5054 vests with the Director the supervision, management and control of the prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of inmates.

PC Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

This action will amend Title 15, Section 3370, to allow similar access to inmate unit health records. Unit health records are all records of care and treatment rendered to an inmate-patient, including medical, dental, and psychological files. Title 15, Section 3370, would provide that a copy of inmate unit health records is available to the Attorney General, other attorneys for the Department, and the Board of Prison Terms. Also, Section 3370 would allow the California Inspector General to have access to unit health records and case records files. Any outside person or entity that receives case records files or unit health records must maintain the confidentiality of those records, subject to all legal and departmental standards.

The purpose of this amendment is to ensure that these persons and entities have access to the inmate and parolee unit health records and case records files, as necessary for the performance of their duties.

This regulatory package will also amend Title 15, Section 3370, to clarify that inmates and parolees may review their own case records file and unit health records, subject to applicable federal and state law. However, except by means of a valid authorization. Subpoena, or court order, no inmate or parolee shall have access to another's case records file or unit health records. This amendment encodes the existing practices of the Department, in accord with federal and state privacy law.

The amended regulations will:

- Provide a definition of what constitutes a unit health record.
- Establish the only means by which an inmate may have access to another inmate's unit health records.
- Clarify that inmates may review their own case records files and unit health records subject to applicable state and federal law.
- Include unit health records in the restriction of the material allowed to be released of any agency or person outside the department, and to clarify what standards such records are subject to for the integrity and confidentiality of such records.

GENERAL PUBLIC INTEREST

DEPARTMENT OF FISH AND GAME

CONSISTENCY DETERMINATION Fish and Game Code Section 2080.1 CESA No. 2080-2005-010-03

Project: Lines 300A and 300B Maintenance Activities (Project)
Location: San Benito and Fresno Counties
Notifier: Pacific Gas and Electric Company (PG&E)

BACKGROUND

The proposed Project, located between mileposts 393 and 419 along PG&E's Line 300 in San Benito and Fresno counties, California, will involve maintenance and emergency repair activities to two existing 34-inch gas pipelines and appurtenant facilities. Activities include the use of a "smart pig" device to identify areas of weakness or corrosion in the pipeline that PG&E would then excavate and repair. Implementation of the proposed Project will result in the loss of 1 acre of habitat for the San Joaquin kit fox and giant kangaroo rat. This loss will be compensated by the protection and management in perpetuity of at least 1.2 acres of suitable San Joaquin kit fox and giant kangaroo rat habitat.

Because of the Project's potential to take species protected by the federal Endangered Species Act, on February 11, 2005, the U.S. Fish and Wildlife Service (Service) issued Biological Opinion No. 1-1-04-F-0362 for the Lines 300A and 300B Proposed Maintenance Activities Project (Project). On April 1, 2005, the Service issued an undated Amendment to Biological Opinion No. 1-1-04-F-0362 and on April 5, 2005, the Service issued a Second Amendment to Biological Opinion No. 1-1-04-F-0362. The Biological Opinion and Amendments describe the Project actions and set forth measures to mitigate impacts to the San Joaquin kit fox (*Vulpes macrotis mutica*), giant kangaroo rat (*Dipodomys ingens*), blunt-nosed leopard lizard (*Gambelia sila*), and San Joaquin woolly threads (*Monolopia congdonii*) and their habitats. The San Joaquin kit fox, giant kangaroo rat, and blunt-nosed leopard lizard are listed under the California Endangered Species Act, Fish and Game Code section 2050 et. seq (CESA). The blunt-nosed leopard lizard is also a fully protected species under Fish and Game Code section 5050 and as such take of this species cannot be authorized. On April 4, 2005, the Director of the Department of Fish and Game (DFG) received a notice from PG&E pursuant to section 2080.1 of the

Fish and Game Code requesting a determination that the federal Biological Opinion, as amended, is consistent with CESA.

DETERMINATION

Based on the terms and conditions in federal Biological Opinion No. 1-1-04-F-0362, including the First and Second Amendments to the Biological Opinion, DFG has determined that the project is consistent with CESA as to the San Joaquin kit fox and giant kangaroo rat because the project and mitigation measures identified in the Biological Opinion meet the conditions set forth in Fish and Game Code Section 2081(b) and (c) for authorization of incidental take of those two species. DFG has determined that the Biological Opinion is inconsistent with CESA as to blunt-nosed leopard lizard because it anticipates and authorizes the incidental take of the species during Project activities. Fish and Game Code section 5050 prohibits DFG from authorizing take of blunt-nosed leopard lizard under CESA.

Important to DFG's consistency determination as to the San Joaquin kit fox and giant kangaroo rat are several measures from the Biological Opinion and Amendments that address expected or potential impacts to the two species. These include, but are not limited to, the following:

1. PG&E will compensate for impacts to 1.0 acre of habitat by acquiring, conserving and managing at least 1.2 acres of suitable habitat for the species.
2. PG&E will provide security in the amount of \$10,000 to ensure acquisition and management of habitat lands prior to ground disturbance.
3. PG&E will implement a number of standard on-site avoidance and minimization measures including measures to reduce trash, vehicle strikes, and den-like structures during Project activities for the purpose of reducing impacts to San Joaquin kit fox and giant kangaroo rat.

Pursuant to section 2080.1 of the Fish and Game Code, authorization under CESA will not be required for incidental take of San Joaquin kit fox and giant kangaroo rat that may occur as a result of the Project, provided PG&E implements the Project as described in the Biological Opinion as amended. If there are any substantive changes to the Project, including changes to the mitigation measures, or if the Service amends or replaces the Biological Opinion, PG&E will be required to obtain a new consistency determination or a CESA incidental take permit from DFG for any incidental take of these species.

Section 5050 of the Fish and Game Code will require PG&E to avoid the take of blunt-nosed leopard lizard during Project activities. DFG is available to

consult with PG&E regarding take avoidance measures if PG&E believes such consultations would assist in avoiding take.

Although not a condition of the Biological Opinion or this Consistency Determination, DFG requests that copies of the annual or periodic monitoring reports, or other circulated materials relevant to the Project's effects on the three state-listed species, be submitted to DFG's Central Coast Regional Office, P.O. Box 47, Yountville, CA 94599.
